# IDEATE, DESIGN & LAUNCH

EVENT PROPOSAL REPORT

# IDEATE, DESIGN, LAUNCH

## Overview

The Internet is like a lifeline to our world today and the way through which we communicate to the internet is the website. **IDEATE, DESIGN & LAUNCH** is an event where students can show that they are the better web developer than others.

## Planning

This year we plan that students will be instructed to make a **team of a maximum of 2 people** and then register for this event. **An individual** can also register as a team. We are expecting that the total number of teams will be registered for this event is **30-40**.

So, we have planned that there will be **two round** for this event. Both the rounds will be eliminating round.

- **Round 1:**

This will be an online round. There will be **30 MCQ** questions. Based on that we will select the **top 10 teams, who scored maximum marks**, to move to the next round. The questions will be based on **HTML, CSS, Bootstrap, JavaScript, PHP**.

Full Marks:  $30 \times 1 = 30$

Time: **35** minutes

Online test link:- <https://webiesta2k19.000webhostapp.com/>

- **Round 2/ Final Round:**

In this round, we will check the **thinking and designing** ability of the participants. We will provide them **3-4 themes**. Then the participants will be instructed to choose any one of the themes and build their website related to that theme. No backend Database implementation required only design is considered.

Time: **2** hours

Languages can be used: **HTML, CSS, Bootstrap, JavaScript, AJAX, JQuery, Angular JS, Node JS** etc (No Restriction).

Browser: **Google Chrome, Mozilla Firefox**.

## ❖ **Screening Process:-**

### **The Parameters we are looking for:**

1. The Site should follow standard design trends.
2. Included functionalities for the particular theme.
3. Time is taken to complete the Site.
4. Good Coding Standards.

Based on the above parameters we will select **Top 3 teams as Winner.**

## **Rules:**

1. Maximum 2 people are allowed in a team.
2. The decision of judges will be final and binding.
3. Participants are not allowed to download themes.
4. The minimum number of web pages will be 2.
5. Stock pictures, editors and other necessary resources will be provided to the participants.
6. No peripheral devices are allowed.
7. One machine will be allotted per team.
8. Participants can use the internet which we will provide to them.
9. All the participants must bring their college ID Card.
